**Aim**

The aim of the course is to stimulate to a reflective and critical approach to theories and practical applications within the chosen area.

## Course objectives

After having gone through the course the student should be able to

- Define and explain central concepts within the chosen area
- Independently discuss and critically evaluate important issues in a multi-dimensional environment
- Analyze, distinguish, and formulate business administrative problems and independently gather and deal with material from formulated issues
- Independently delineate, design, and work out a written task with relevance for theory and issue and using business administrative methods
- Independently accomplish an opposition, actively and independently contribute in seminar discussions, and present articles and own work

## Content

The course deals partly with classical and contemporary theories, partly with contemporary knowledge, within a business administrative area which is chosen by a student in consultation with examining professor. Particular attention is directed to the practical application of the theories.

## Entry requirements

## Selection rules and procedures

The selection process is in accordance with the Higher Education Ordinance and the local order of admission.

## Teaching form

The course consists mainly of tutorial meetings, when the student is guided by a tutoring professor in issues regarding literature, design, work out and presentation.

## Examination form

The examination has the shape of

- an end seminar when the student independently defends her or his work in the presence of the tutor
- approval by examiner

Grading system [www.miun.se/betygskriterier](http://www.miun.se/betygskriterier)

## Grading system

The grades A, B, C, D, E, Fx and F are given on the course. On this scale the grades A through E represent pass levels, whereas Fx and F represent fail levels.

## **Course reading**

### **Required literature**

.

Litteratur väljs i samråd med handledaren. Litteraturstudien bör motsvara cirka 1000-1500 sidor.

Literatures are to be found individually, after consultation with tutoring professor. Normally the candidate will have to cover some 1000-1500 pages.
