

# Licentiate seminar

## Production and application of fine fractions made of chemical pulp for enhanced paperboard strength

### Elisabeth Björk

Licentiate Seminar in Chemical Engineering  
Faculty of Science Technology and Media  
FSCN research centre  
Mid Sweden University

**Welcome to Licentiate Seminar with Elisabeth Björk.**

**Elisabeth is industry employed PhD Student in FORIC research school and we are part of the Treesearch research platform and FSCN research centre. Elisabeth works at RI.SE.**
