**BeWi**

BEWi is a group of companies, whose common denominator is innovation in plastics. BEWi is market-wise divided into three different business areas, food packaging, building materials and technical packaging.

BEWi has a very healthy development, a solid financial track record and an impeccable credit rating. BEWi has over the years both shown excellence in organic growth, and also done some well timed acquisitions within all business areas.

**When**                    **December 5, 11.00 – 12.00**  
**Where**                   **Campus Sundsvall O102**

The seminar will be in English this time.
